

COURSE: CS 499 — Senior Capstone Project

Credits: 4 | Department: Computer Science

Document ID: CAT-COURSE-CS499

Source: <https://catalog.techstate.edu/courses/cs499>

Date Accessed: March 29, 2025

PREREQUISITES: Senior standing (90+ credit hours completed) AND CS 301 AND at least one concentration course completed

CO-REQUISITES: None

OFFERED: Fall, Spring

MINIMUM GRADE TO GRADUATE: C (students who earn below C must repeat or complete an alternate approved capstone)

DESCRIPTION:

Year-long (or one-semester intensive) project in which students apply their CS knowledge to build a substantial software system or research prototype. Students work individually or in groups of up to 3. Projects must be approved by the capstone coordinator by Week 2 of the semester. Weekly check-ins with faculty advisor required. Final deliverable includes a live demonstration, technical report, and oral defense.

GRADING: Proposal 10%, Progress milestones (3) 30%, Final demo 30%, Technical report 20%, Oral defense 10%.

NOTE: Students who have not yet reached senior standing (90 credits) cannot enroll in CS 499. Contact the EECS academic advisor if you believe you have been granted an exception.
